Information and Instructions

**Schedule for  
Required Notifications for Wireless Services**

For Public Mobile Services, Personal Communications Services, General Wireless Communications Services,  
Maritime Services (excluding ships), Private Land Mobile Radio Services, Fixed Microwave Services,  
and Aviation Services (excluding aircraft)

FCC Form 601, Schedule K, is a supplementary schedule for use with the FCC Application for Wireless Telecommunications Bureau Radio Service Authorization, FCC Form 601. Complete this schedule to notify the FCC that, within the required time period, either buildout/coverage or construction requirements have been satisfied, an assignment of authorization or transfer of control has been consummated, or to request a regular authorization for paging facilities currently operating under developmental authority. The 601 Main Form must be filed in conjunction with this schedule.

**•Purpose**

Enter the one-letter abbreviation that indicates the purpose for which the application is being filed, as specified in Sections 1, 2, 3, and 5 of this schedule.

**Note:** Only one Notification purpose code may be selected per 601 Main Form/Schedule K filing.

**•Section 1 - Satisfaction of Buildout/Coverage Requirements (Market based services only)**

**Note:** Cellular Radiotelephone Services (CL and CX) should use the Construction Requirements portion of this schedule (Section 2).

Use this section if this notification is for satisfaction of buildout/coverage requirements. Typically, buildout/coverage requirements apply when a specific portion of a geographic area and a specific portion of the population contained within that geographic area must be provided service by a specific date. Not all radio services use all buildout/coverage requirements. Refer to the Commission's Rules for more information on buildout/coverage requirements and how they may apply to your service.

On the Purpose line at the top of this schedule, enter one of the following Notification Purpose Codes:

Enter 1 if 1st buildout/coverage requirement has been satisfied

Enter 2 if 2nd buildout/coverage requirement has been satisfied

Enter 3 if 3rd buildout/coverage requirement has been satisfied

Enter 4 if 4th buildout coverage requirement has been satisfied

**Note:** Licensees must notify the FCC of satisfaction of buildout/coverage requirements when they are met. In instances where notification of buildout/coverage requirements are received for a call sign and previous buildout/coverage requirements have not been received by the FCC, it will be assumed that the higher requirement and all lower requirements have been satisfied (e.g., requirement 2 is submitted and requirement 1 has not been received - it will be assumed that buildout/coverage requirement 1 and buildout/coverage requirement 2 have been satisfied).

Also complete Section 4, Signs/Site Numbers, as applicable. List the call signs held by the applicant where the indicated buildout/coverage requirement has been satisfied. Additionally, in the field provided at the bottom of this section, enter the date on which the indicated buildout/coverage requirement was met.

**•Section 2 - Satisfaction of Construction Requirements (Site-licensed services only)**

Use this section if this notification is for satisfaction of construction requirements. Typically, construction requirements apply when specific authorized components of a license must be constructed and service commenced by a specific date. Refer to the Commission's Rules for more information on construction requirements and how they may apply to your service.

On the Purpose line at the top of this schedule, enter one of the following Notification Purpose Codes:

Enter A if all construction requirements have been satisfied. Also complete Section 4, Call Signs/Site Numbers, as applicable. List the call signs held by the applicant where all construction have been satisfied. Additionally, in the field provided at the bottom of this section, enter the date on which all the required construction requirements were met.

Enter P if partial (site, frequency, etc.) construction requirements have been satisfied. Also complete Section 4, Call Signs/Site Numbers, as applicable, indicating which partial construction requirements have been satisfied.

**•Section 3 - Request for Regular Authorization for Facilities Previously Operating under Developmental Authority (Paging Services only)**

Use this section if this notification is for a notification to request regular authorization for paging facilities previously operating under developmental authority. On the Purpose line at the top of this schedule, enter D.

**•Section 4 - Call Signs/Site Numbers**

This section applies only to a notification indicated by use of Sections 1, 2, or 3 of this schedule.

**4a** In this item list the call signs where buildout/coverage or construction requirements indicated in Sections 1 or 2 have been satisfied, or where a regular paging authorization for facilities previously operating under developmental authority is being requested in Section 3. Call signs are located on FCC Authorizations.

**4b** In this item list the location numbers (Aviation Coast, Maritime Ground, Cellular, Land Mobile, Land Mobile Broadcast Auxiliary, and Paging Services) or transmitter numbers (Microwave and Microwave Broadcast Auxiliary Services) where construction requirements indicated in Section 2 (Purpose code P) have been satisfied. Location numbers and transmitter numbers are located on FCC Authorizations.

**4c** In this item list the path numbers (Microwave and Microwave Broadcast Auxiliary services only) where construction requirements indicated in Section 2 (Purpose code P) have been satisfied. Path numbers are located on FCC Authorizations.

**4d** In this item list the frequencies (all services except Cellular services) where construction requirements indicated in Section 2 (Purpose code P) have been satisfied. Authorized frequencies are located on FCC Authorizations.

**•Section 5 - Consummation of Assignment of Authorization or Transfer of Control**

If this notification is for consummation of assignment of authorization or transfer of control, the assignee or transferee must complete this section.

On the Purpose line at the top of this schedule, enter C. In this section, enter the file number of the application for Assignment of Authorization or Transfer of Control, and the date that the transaction was consummated.

## Instructions For FCC Form 602

The purpose of Form FCC 602 is to obtain the identity of the applicant and to elicit information required by Section 1.2112 of the Commission's rules regarding: 1) persons or entities holding a 10% or greater direct or indirect ownership interest in the applicant; 2) all affiliates of the applicant pursuant to Section 1.2110; 3) all general partners in any general partnership in the applicant's chain of ownership, and; 4) all the members of any limited liability corporation in applicant's chain of ownership. A "direct owner" is a person holding an immediate interest in the applicant. An "indirect owner" of the applicant is any other interest holder in the applicant who holds a 10% or greater interest as defined in Section 1.2112(a)(9) through an intervening entity or entities in an ownership chain.

For each direct and indirect owner, the applicant must provide the information required by questions 3-12 of the main form. Filers will be required to provide information for each direct and indirect owner, using multiple copies of Form 602 as needed.

*Example:* Company A's stock is owned by two persons: Jane Smith owns 40% of the outstanding stock and Company B owns 60% of the outstanding stock. Each of these persons is a direct owner and questions 3-12 would be separately filled out for each. Company B is in turn owned by John and Jane Doe, 50%, and by Mega Corporation, 50%. John and Jane Doe and Mega Corporation are indirect owners of the applicant. Questions 3-12 would be separately filled out for these three persons as well. Mega Corporation is in turn owned by Richard Mega, who holds 90% of the outstanding stock, and Peter Smith, who holds 10% of the outstanding stock. Because Mega indirectly owns more than 10% of Company A, information regarding Mega must be provided in response to questions 3-12. However, because Smith's indirect ownership share of Company A is less than 10%, the applicant is not required to provide information regarding Smith.

### Instructions for filing Form FCC 602

Item 1 Identifies the applicant.

Item 2 Identifies the applicant's Taxpayer Identification Number. For individuals, enter the Social Security Number. For all other filers, enter the Employer Identification Number. This data is required to comply with the Debt Collection Improvement Act of 1996. This information will not be made available for public inspection.

Items 3-12 These items provide required information about each disclosable interest holder in the applicant. If the applicant has multiple disclosable interest holders, items 3-12 must be filled out separately for each disclosable interest holder,

Disclosable interests in the applicant are defined at Section 1.2110 and 1.2112 of the Commission's rules. The following interest holders must be identified in items 3-12:

- (1) Any party holding a 10 percent or greater interest in the applicant, whether direct or indirect. An indirect ownership interest in the applicant is established where successive multiplication of ownership percentages for each link in the vertical ownership chain equals 10 percent or more of the applicant, except that if the ownership percentage for an interest in any link in the chain exceeds 50 percent or represents actual control, it shall be treated and reported as if it were a 100 percent interest.
- (2) Any party holding 10 percent or more of any class of stock, warrants, options, or debt securities of the applicant.
- (3) Any party with a controlling interest in the applicant as set forth in section 1.2110 of the Commission's rules. The individual or entity with a controlling interest is an "affiliate." An affiliate is defined by Section 1.2110(4)(l) of the Commission's rules, which provides that an individual or entity is an affiliate of an applicant or of a person holding an attributable interest in an applicant if such individual or entity –
  - (A) directly or indirectly controls or has the power to control the applicant, or
  - (B) is directly or indirectly controlled by the applicant, or
  - (C) is directly or indirectly controlled by a third party or parties that also controls or has the power to control the applicant, or
  - (D) has an "identity of interest" with the applicant.

Section 1.2110(4)(ii) states that every business concern is considered to have one or more parties who directly or indirectly control or have the power to control it. Control may be affirmative or negative and it is immaterial whether it is exercised so long as the power to control exists.

- (4) In the case of a general partnership, each general partner, regardless of percentage interest in the applicant.
- (5) In the case of a limited partnership, each limited partner whose direct or indirect interest in the applicant is equal to or greater than 10 percent (as calculated according to the percentage or equity paid in and the percentage of distribution of profits and losses).
- (6) In the case of a limited liability corporation, each member of the corporation, regardless of percentage interest in the applicant.

For each disclosable interest holder, the following information must be provided:

**Item 3** Name of the interest holder.

**Item 4** Taxpayer Identification Number of the interest holder listed in Item 3. For individuals, enter the Social Security Number. For all other filers, enter the Employer Identification Number. This data is required to comply with the Debt Collection Improvement Act of 1996. This information will not be made available for public inspection.

**Item 5** Address of the interest holder. Refer to FCC 601 Main Form Instructions, Appendix II, for a list of valid state, jurisdiction, and area abbreviations.

**Item 6** Type of interest in applicant. Indicate which of the following categories describes the interest holder's interest in the applicant. If more than one category applies, indicate each applicable category:

- Direct ownership interest in applicant
- Indirect ownership interest in applicant
- Officer
- Director
- Key management personnel
- Management contract
- Other

**Item 7** Type of entity. Indicate which of the following categories describes the interest holder:

- Individual
- Corporation
- General Partnership
- Limited Partnership
- Limited Liability Corporation
- Unincorporated Association
- Other

**Item 8** Percentage interest in applicant. Where the interest holder holds an ownership interest in the applicant, whether direct or indirect, identify the ownership percentage. Indirect interests may be calculated using a multiplier only in compliance with Section 1.2112(a)(9) of the Commission's rules.

**Item 9** Type of ownership interest. Where the interest holder holds an ownership interest in the applicant, whether direct or indirect, identify the type of ownership interest. Also indicate whether the interest is voting or non-voting. If more than one category applies, indicate each applicable category:

- Common stock
- Preferred stock
- Other stock
- Warrant
- Option
- Proprietorship
- General Partnership shares
- Limited Partnership shares
- Other

Example: In the example given in the "Main Form" section above, each of the persons in the chain of ownership of Company A would list "common stock" as their ownership type.

**Item 10** Identify the interest holder's country of citizenship.

**Item 11** If the interest holder holds an indirect ownership interest in the applicant, list the entities in the ownership path in ascending order.

Example: In the example given in the "Main Form" section above, John and Jane Doe would list Company B, through which they hold their interest in the applicant, Company A. Richard Mega would first list Company B and then Mega Corporation, through which it holds its interest in Company B. Jane Smith would not be required to respond to this item because she holds a direct ownership interest in Company A.

**General Instructions****Purpose of Form**

FCC Form 603 is used to apply for approval of assignment of authorizations in the For Public Mobile Services, Personal Communications Services, General Wireless Communications Services, Private Land Mobile Radio Services, Broadcast Auxiliary Services, Fixed Microwave Services, Maritime Services (excluding ships), and Aviation Services (excluding aircraft).

The purpose of this form is to collect data pertaining to the proposed assignment of authorization. This data is used by the FCC to determine whether the public interest would be served by a grant of the requested assignment.

Form FCC 603 replaces Forms FCC 702 and 1046 for all purposes.

FCC Form 603 is a multi-sectional form. Each application or amendment may contain as many Schedules as necessary:

## **Who Must File What Forms and When**

An Assignment of an Authorization must be requested from the FCC when a license is assigned to another party. An Assignment of Authorization involves a complete transfer of controlling interest in ownership in the license and generally involves the changing of the Licensee name. Refer to the applicable FCC Rules for definitions of controlling interest and ownership.

For assignment of one or more authorizations, the assignor must apply for approval using this form, FCC Form 603. In the case of an involuntary assignment of authorization, the assignor must apply no later than 30 days after the event causing the assignment. Note that this form must be signed by both the assignor and assignee. In addition, the assignee must file FCC Wireless Telecommunications Bureau Ownership Form, FCC Form 602, unless current and up-to-date ownership information is already on file at the FCC.

The assignor may apply for authorization to assign either all of the facilities of a station or market or just a portion of these facilities or markets.

### **►Full Assignment of Authorization**

When the authorization for all of the facilities of a station or market is assigned, this is called a *full assignment of authorization*. To apply for a full assignment, the assignor must complete the Authorizations To Be Assigned section.

### **►Partial Assignment of Authorization**

When authorization for some, but not all, of the facilities of a station or market is assigned, this is called a *partial assignment of authorization*. For each partial assignment of authorization, the assignee must apply for authorization to operate the facilities for which authority is being assigned, either as a new station or as a modification to an existing station already authorized to the assignee. Note the following:

If the assignment is a request to partition or disaggregate (or both) a market area in an auctionable service, also complete and attach the FCC Assignment Schedule for Auctionable Services, FCC Form 603 Schedule A; the Partition and Disaggregation Schedule, FCC Form 603, Schedule B; and, if required, the Undefined Geographic Area Schedule, FCC Form 603, Schedule C.

If the request is a partial assignment in a site licensed services, also complete and attach the FCC Technical Data Schedule and Location Schedule appropriate for the service being assigned (refer to FCC Application for Wireless Telecommunications Bureau Radio Service Authorization, FCC Form 601, for a listing of all technical data and location schedules). The attached technical data and location schedules should describe the site(s) being assigned.

### **►Sixty-Day Period**

Assignments of authorization must be consummated within 60 days of FCC approval, unless the FCC grants an extension of time to complete a specific transaction. To request that the FCC grant an extension of time to complete the transaction, file Application for Wireless Telecommunications Bureau Radio Service Authorization, FCC Form 601, and attach Extension of Time Requests for Wireless Services, FCC Form 601, Schedule L.

If an assignment of authorization is not consummated within 60 days, or within the time allowed under an extension, FCC approval of that transaction is no longer valid.

### **►Notification of Consummation**

Upon consummation of any assignment of authorization, the assignee must notify the FCC of the date of consummation. To notify the FCC that the transaction has been consummated, file Application for Wireless Telecommunications Bureau Radio Service Authorization, FCC Form 601, and attach Required Notifications for Wireless Services, FCC Form 601, Schedule K.

A *pro forma* assignment of authorization is one for which the actual controlling party does not change. For example, if an authorization is assigned by one wholly-owned subsidiary of a parent corporation to another wholly-owned subsidiary of the same corporation, this would be a *pro forma* assignment of authorization.

**Item 4** Enter 'Y' for a full assignment of authorization or 'N' for a partial assignment of authorization. Refer to Page 2 of these instructions for detailed information regarding full and partial assignments.

### ►Assignor Information

**Item 5** Enter the Taxpayer Identification Number of the assignor. For individuals, enter the Social Security Number. For all other filers, enter the Employer Identification Number. ### ►Contact Representative

**Items 17-26** These items identify the contact representative for the assignor, if different from the assignor. This is usually the headquarters office of a large company, the law firm or other representative of the assignor, or the person or company that prepared or submitted the application on behalf of the assignor. If there is a question about the application, an FCC representative will communicate with the assignor's contact representative.

If this section is used, a name (Item 17) and telephone number (Item 24) are required at a minimum. If the address items are completed, you may enter a post office box number in Item 19 or a street address in Item 20, or enter information for both items.

If the assignment of authorization is to be accomplished by court order, answer this item C. If O is indicated, the assignor must attach an exhibit that explains how the transfer is to be accomplished.

**Item 28** This item indicates whether the assignment of authorization is voluntary or involuntary.

#### ►Assignee Information

**Item 29** Enter the Taxpayer Identification Number of the assignee. For individuals, enter the Social Security Number. For all other filers, enter the Employer Identification Number.

**Items 30-41** These items identify the party that will become the licensee if the application is granted. The information provided in these items will become the licensee's name, address, and telephone number of record, and the authorization will be sent to this address.

This is usually the headquarters office of a large company, the law firm or other representative of the assignee, or the person or company that prepared or submitted the application on behalf of the assignee. If there is a question about the application, an FCC representative will communicate with the assignee's contact representative.

If this section is used, a name (Item 42) and telephone number (Item 49) are required at a minimum. If the address items are completed, you may enter a post office box number in Item 44 or a street address in Item 45, or enter information for both items.

#### ►Alien Ownership Questions

**Items 52-56** These items request indications and information that enable the FCC to determine whether an assignee is eligible under Section 310 of the Communications Act of 1934, as amended to hold a station license. The FCC cannot grant an authorization to a foreign government or the representative of a foreign government. Therefore, if the true and correct answer to Item 52 is "yes," the assignee is not eligible for a license and the FCC will dismiss the application, if filed, without further consideration. The FCC cannot grant an authorization to provide commercial radio service to any assignee for which the true and correct answer to Item 53, 54, or 55 is "yes." The assignee must answer all questions. A "yes" answer to any question requires an exhibit to be attached explaining the circumstances.

#### ►Basic Qualification Questions

**Items 57-60** These items request information that enables the Commission to determine whether the assignee is qualified to hold an FCC authorization. If the answer to any one or more of Items 57-60 is "yes," attach as an exhibit a statement explaining the circumstances and a statement giving the reasons why the assignee believes that grant of the application would be in the public interest notwithstanding the actual or alleged misconduct.

#### ►Assignor Certification Statements

By signing this form, the assignor certifies that the statements listed in this section are true, complete, correct, and made in good faith.

**Items 61-63** These items must be completed. To be acceptable for filing, applications and amendments must be signed in accordance with Part 1 of the FCC rules. Complete at least one entry of this section and use a separate entry for each authorization and/or application. If necessary, attach additional copies to list more authorizations and/or applications.

Item 67 This column lists the Call Signs or FCC File Numbers of the authorizations and/or applications to be assigned.

### **Instructions for Undefined Geographic Area Schedule FCC Form 603, Schedule C**

FCC Form 603, Schedule C, is a supplementary schedule for use with the FCC Wireless Telecommunications Bureau Application for Assignment of Authorization, FCC Form 603. This schedule must be completed and attached if an undefined area is to be partitioned, as specified by Item 3 on the Partition and Disaggregation Schedule, FCC Form 603, Schedule B. Complete and attach a copy of Schedule C for *each* Call Sign that is being partitioned or disaggregated. If multiple undefined areas are requested, *each* undefined area should have a corresponding Schedule C.

This schedule further defines geographic areas that have not been defined by the FCC. It is used to enter the coordinates of locations that describe the periphery of a geographic area to be partitioned. Specifically, enter up to 120 pairs of latitude/longitude coordinates, one pair for every 3 degrees azimuth around the periphery. Coordinates of the specified locations must be referenced to the North American Datum of 1983 (NAD83).

**Note:** If the area is a defined geographic shape, the applicant can provide fewer than 120 coordinates, in which case the FCC will assume that these coordinate points are joined by straight lines. For example, a rectangle can be described by four coordinates, a hexagon by six coordinates, and so on.

**Number** At the top of this schedule, enter the same number that has been specified in Item 3 of the Partition and Disaggregation Schedule, FCC Form 603, Schedule B.

**Latitude** In this column, enter the latitudes of locations using the format *DD-MM-SS.S-D*, where the degrees (*DD*) term can have a value in the range of 0 to 90, minutes (*MM*) can range from 0 to 59, seconds (*SS.S*) can range from 0 to 59.9, and the direction (*D*) term is either N for North or S for South.

**Longitude** In this column, enter the corresponding longitudes of locations using the format *DDD-MM-SS.S-D*, where the degrees (*DDD*) term can have a value in the range of 0 to 180, minutes (*MM*) can range from 0 to 59, seconds (*SS.S*) can range from 0 to 59.9, and the direction (*D*) term is either E for East or W for West.
